

# English Unlimited special gratis offer for language school orders

If you order 12 SB/WB packs of the same level you will receive the Teacher's Pack (teacher's book with DVD-ROM) and the Class Audio CD free of charge. These will be delivered immediately.

If you order 20 SB/WB packs of the same level you will receive the interactive whiteboard software ("Classware") for that level free of charge. For logistical reasons this may be delivered slightly in arrears.

In order to take advantage of this offer you may order your books through your usual supplier, who will usually hold enough stock to deliver the teacher's pack and audio CD with your coursebooks, but will probably supply the software a little later.

Because this offer goes beyond the general terms offered by the publisher you or your supplier should always contact the distributor, ILC Czechoslovakia, s.r.o., mentioning "2011 Unlimited gratis offer". The offer is valid from 1 June until 30 October, 2011.
